Important Information:

Certification for certain non-preferred must be obtained in order to avoid a reduction in benefits for that care. Certification required for Hospital, Treatment Facility, and Convalescent Facility Admissions. In addition, certification is required for Home Health Care and Hospice Care.

Plan limits and maximums are combined for in-network and out-of-network care.

This plan does not cover all healthcare expenses and excludes or limits coverage for some medical services. Members should refer to their plan documents to determine which medical services are covered and to what extent. This chart displays only a general description of your benefits. Should there be a conflict between the benefits shown on the chart and those in the legal plan documents, the terms of the plan documents will be used to determine coverage and benefits.
